The Cards

The Insight Story Cards & Book Set is a wondrous deck of 88 symbolic images from our world that can be used for personal insight and self-awareness, along with a detailed guidebook to the cards. These beautifully illustrated cards will capture your imagination and give you the tools you need for reflecting on and nurturing your inner life.

The Insight Story™ is not a tarot deck but has the depth of a tarot and will appeal to people who want to tap into a deeper understanding of their life. The cards support you in paying attention to the many messages that come your way to serve and guide you on your path to wholeness.

There are 11 different categories of symbolic images: People, Animals, Elements, Power, Love, Journey, Skills, Creations, Nature, Food and Symbols.

The Guidebook

The card and book set comes with a 272 page fully illustrated guidebook to the cards, which includes richly written and well researched descriptions of the symbolism and spiritual wisdom of each card. Each card summary ends with a short statement or question for you to ponder. The forward to the guidebook is written by renowned storyteller, author, and scholar of mythology, anthropology and psychology Michael Meade.

How to Use the Cards

Choose One at Random: Shuffle the deck thoroughly. Ask yourself a specific question such as, “What do I need to pay attention to right now?” or “What do I need to learn right now?” Close your eyes, pick one card from the deck at random, and notice first what reactions you have to the card and how it might relate to your question or situation. What does the card mean to you? Then, read the card summary in this guidebook and see where this takes you.

Choose One by Attraction: Lay out all of the cards on the ground or the table face-up and pick the one that attracts you the most. Let the card speak to what you are going through in your life. If you are with another or in a group, share your thoughts with them. For more depth, consider talking about how you feel, what you think you need, and how you might get it.

(Two other ways of using the cards are listed in the Guidebook.)

Card Summary Example

“The element of Fire represents power, passion and purification. It is consuming and it captivates our attention. Fire can be both internal and external. Internally, Fire gives us the drive we need to get things done. When we have fire in our eyes, we are on a mission—and beware the person who stands in the way. Fire is symbolic of the ability to be assertive and aggressive...”

The Fire card may be encouraging you to find your power and your passion and to use them wisely for Fire can burn and destroy as easily as it can warm and create.”

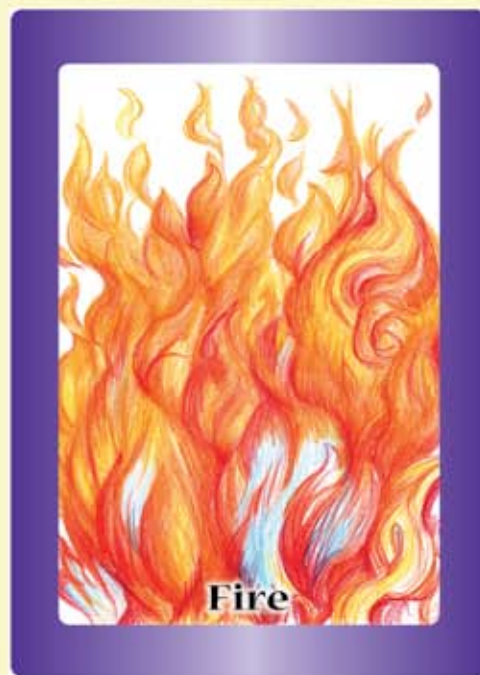

What People are Saying

“The card set is beautiful, thoughtful and makes you think about our world. The images are a great way to remember the things in your life you are grateful for and some things to aspire to.”
